2021 Membership Renewal Form

About the Calgary IT Pro Community Association:

The Calgary IT Pro Community Association ["CIC"] is a registered not-for-profit society incorporated April 28 2008 under the Alberta Societies Act. We are led by a dedicated team of volunteer officers and directors elected at our Annual General Meeting.

Purpose

The purpose of the Calgary IT Professional Community Association ["CIC"] is to provide information technology professionals and consultants in Southern Alberta with opportunities for professional development, social networking and sharing knowledge with peers in a non-competitive environment.

Vision

To become the premiere organization in Southern Alberta supporting IT practitioners and individuals with an abiding interest in Information Technology.

Mission

Our mission is to provide opportunities for members to participate in: quality technical programs and events; unique special-interest groups focused on selected technical and business topics; cultivate strategic partnerships amongst members and leading vendors; and to foster active member participation through volunteer engagement and social networking events.

Values

Our values hinge on honesty, integrity and trust in everything we do. We encourage our members to strive to honour every commitment they make to the best of their ability and to meet or exceed expectations when delivering on those commitments.

We value balance in one's work, family and community – providing good service and expertise for fair compensation so families are supported and nurtured and our communities are enriched through the work and volunteer efforts of our members.

Membership Information:

Membership in CIC is open to anyone interested in joining and contributing to the organization. Regular meetings are usually held on the 3rd Tuesday of each month. You are encouraged to attend and participate actively.
